“ *I will miss you very much Aaron. You always had a great smile & gave me a hug when I saw you. Heaven needs another Angel to watch over the rest of us. May you rest in peace in the arms of the Lord.*

“ *My heart is broken, I miss you so much already.. I still can't believe I'll never hear your voice or rock out with you again. Im going to start answering my phone "Yea" in your honor. Eddie and I promise to help watch over Hunter, teach him the music you loved and how to fish. We'll tell him what a baby you were when he was born and how you hid your tears under sunglasses with the excuse you had pink eye. We'll tell him that he was the best thing to ever happen to you and there was nothing you were more proud of. How hilarious you were, and proud to be a Marine. That you stood strong, and would have your families back no matter what. That you were a "10". ;) I could go on and on but cant see to type through the tears right now... Love always, see you on the other side. ~Laura*
