“ *Ben and I worked together on countless construction projects over a period of 25 years, and I considered him a close friend and mentor. He was one of the nicest people I have ever met. His intelligence, honesty, work ethic, and guidance made my job so much easier. I was blessed to know him, and I will keep him in my heart and in my prayers.*

*I remember all the good times we shared on Saturdays working on building the pontoon boat. And after it was finished we used it at Mark Teain Lake and Kentucky Lake.and caught lots of fish. He was a really good friend by letting me bring my boat down to the business and put new flooring in it and use the materials out of his scrap bin. Anytime I needed something and he had it he would always say, "come and get it". Whenever we had our annual fish fry and we were short of fish he would bring over some of his supply. Sherry really appreciated the metal grab handles he made for our patio so she could get up and down the steps. Ben was an old and dear friend and he will be sorely missed. Our deepest condolences to Mary and his entire family. God bless! Mick & Sherry Box*
