“ I am so sad to hear the news. No matter who Bern came in contact with, I'm sure he left an impact on them. I was a high school friend and it was so good to be friends with him. He was funny and cute and a great guy. I'm keeping Angie and his family in my thoughts and prayers. I am so sorry.

“ I have not seen Bern since High School, but I remember he always had a wonderful sense of humour, and was a genuine joy to be around. I wish I had reached out and contacted him. RIP, Bern.

“ Bern was a one of a kind guy who had a big heart. He had a way of making you smile when you were feeling down. He was a great friend and father to Tylor. He was a wonderful person who touched everyone lives that were fortunate enough to meet him. He will be and is already missed by so many people who came to know and love him. RIP Bern.....we love you now forever and always!
