“ I grew up with Dean and his cousin Gene in the Waco area. we played together as kids. After many years of not seeing him found him on facebook and had good phone conversations and chats. I lost my daughter in November quite suddenly and not able to sleep that night Dean was also on late and told him about her and called me in the phone in the middle of the night and was such a help to me in my time of loss knew them how he was such a wonderful person. He checked on me several times after that. I will miss him. my thoughts and prayers go out to Linda and his family. He will surely be missed by all of us.

“ I worked with Deryl at Reitz and Jens shortly before he retired. I will always remember the conversations we had in the construction trailer and the lunches we shared together. He was a kind man and a good friend and I only wish I had a small percentage of the geotechnical knowledge he accumulated after his many years of work experience.

*I would like to express my condolences to his wife and daughters on their loss. He will be missed.*

“ *Dean you have left behind many many friends and a loving family. We were kids together enjoying that country living but Dean after seeing you again after many years I did see a love and happiness in you that was so obvious when you looked at Linda. You had found your happiness, she was the perfect girl for you. I Will miss you and your laughter, but I will still have a living piece of you in my friend, your wife, Linda.*

“ *Dean,  
I have a lot of good memories from when we younger: Swimming at the beaver damn in Cowskin creek. Hitchhiking to Mulvane or Wichita to visit friends. Seining for minnows to sell to local baitshops. Hunting for rabbits when school was cancelled because of too much snow. Vaya con dios, my friend.*

“ Hey my friend you carved out a lot of memories and left a history behind you that will always be remembered. Met you when you lived in the farmhouse near Waco Wego, Kansas... we baled hay and put it up in the barn for several farmers to make spending money along with other odd jobs that people would pay teenagers to do and we were happy to do anything for a few quarters or a dollar at that time. You moved on and ended up serving with the Army Air Calvary in the rice paddies and jungles of Viet-Nam... amazing that you made it out of there alive. Came home to be a husband, father and grandfather and you excelled in those positions with the help of your lovely wife Linda. Then came your daughters followed by grandchildren...you have left a big footprint. Gonna miss those phone calls we exchanged and already miss not seeing you and Linda at the "Old Settlers Day" held in Mulvane, Kansas every year, but know you would have been there if your health problems hadn't got in way. Time for me to post this and put this web site for Hutchens Mortuary on the social network Facebook and let others add to your tribute wall..... you will forever be in my mind and heart old friend

*Dean you will be greatly missed by lots of friends, family, and your wife and daughters!! You were a true friend to Jimmie and he is going to miss your calls, talks, and visits to Old Settlers Day. Jimmie talked about all the memories you guys have together over the many years of friendship. He always enjoyed talking with you on the phone. It was nice to meet you through our phone conversations when Jimmie introduced us over the phone. Wish I could have met you and your wife Linda in person. Linda, I'm so sorry for your loss and for your daughters loss. I pray that God walk with you and your family through this difficult time in your lives. I pray he shower you and your family with peace, love, and comfort in times of need. Remember your husband will be forever with you in your heart, your thoughts, and your memories. I send my love and prayers for you and your family.*

*After many years when we started texting he remembered where I lived and remembered me well and we talked about everyone we both knew at this time in are lives and the passed. Dean said, some days you could hardly lift a hand to type on facebook and some days not at all. He so much loved his family and Linda and what a match made in haven. Linda, I have had 2 husbands die of cancer and there is never the right words to say. Dean will always be in your memories and in your heart all the time. He loved you and the family so very much.*

*With all the hard knocks and twist and turns of life you managed to keep you sense of humor. You had a laugh that was catching. Anyone you touched will never forget you or Linda who is part of our extended family now. Your gone but never forgotten, we will get together in a few years and party once again. God Bless my friend.*

*I have been trying for two days to think of words to share with Dean's family that would help their pain go away. The only thing I can think of to say is that your grief is shared by many and that he will be missed by everyone who ever knew him. Dean was one of my favorite friends as a teenager. When the boys started going off to Viet Nam, it seems that many of us lost contact with each other for many, many years. It wasn't until a couple of years ago when I finally gave in and joined a social network (Facebook) that I was able to reconnect with Dean and other dear friends from school. Getting to know Dean again through chats was still the same sweet, funny person he was long ago.  
My thoughts will be with all of you as you go through the tough time ahead of you. He will never be forgotten.*
