“ *Our deepest sympathy to Donna's family. Donna was a great neighbor and friend for many years when we lived in Florissant. We watched as our children played and grew up and had families of their own. We spent a lot of times at the fence sharing stories of our kids or talking about the neighborhood or current events in the world. She loved the summertime. She was always busy in the back yard getting her flowers and banana trees planted and the pool ready for times to relax or have the grandkids over. I will always remember the strength and strong will she had when she was sick. She was a strong lady. We have moved from the neighborhood but not from the memories made. Our prayers are that Donna has rest and peace in the light of our Lord..*
