“ Dear Linda -- I'm so sorry for your loss of your precious mother. I know everyone says that the pain goes away with time, but it still hurts. The good memories will always continue to enter your thoughts. So many experiences in life will bring back special memories of your mom. A certain smell or a favorite flower, maybe the sunset or a summer breeze, special things that you remember sharing with your mom. But always remember the most important thing to your mother was for you to be happy. It is important to strive for the happiness that your mother wanted for you as you want for your own daughter. May the closeness of family and friends, as well as your faith in god, comfort you. Love you. Paula

Many fun times with Darlene. She was the "cool" mom. I will always smile when I think of her.
