“Joan was an amazing woman who dedicated much of her life to the arts and especially Northside Art Association. She became a member in the 1960's and was instumental in growing the organization. As President of Northside for over a decade, she worked to bring joy to others through art. There was no better person to cheer on a new artist to continue with their creative endeavors. She always had a smile and a kind word for everyone she met. She will be missed by all of us at Northside and I am proud to carry on her work as the current President.
