Perry with all the things that I needed to do to prepare for your arrangements I forget to send a message. I promise you to continue to be your voice and continue to fight until your wishes are filled. I know you would be very pride of the new head stone that was set for mom and you. Perry you were the person who had all those wonderful facts in your head, and always had great stories to tell. That will be missed a lot. Jeff of course took your death very hard. Although you weren't feeling well, no one expected you to pass. As you told me, turning 60 was very hard We miss you dearly!
