“ Dear Tina and Family,

We have two ways of remembering people who leave us and start another journey. We either cry over their absence, or smile and remember them through the countless memories that have stayed back. Those we love don't go away, they walk beside us every day, unseen, unheard, but always near, still loved, still missed and very dear. So when tomorrow starts without him, don't think you are far apart, for every time you think of him, he is right there in your heart.

The weight of a loss may never go away but we learn how to carry it. May your memories of the wonderful times you shared with Bob comfort you and your family, today and always.

Take care, Carol & Jack Smith

“ Bob,
I am sorry for your family's loss. Your father sounds like he accomplished much in life and was a great inspiration to you and yours. We just lost our Mother a few weeks ago and she was just a few months older than your Father. Their generation lived through things that we can only imagine, and accomplished much in their lifetime ensuring that our lives were much easier than theirs. They truly have my respect.

Our family is thinking of and praying for yours during this time.

Mike Clausen.
